# Stoller Strawberry Program

STOLLER  
PRODUCTS

## Fortified Stimulate<sup>®</sup> Yield Enhancer Plus

PGR's are essential for enhanced germination, uniform emergence, and vigorous growth. Fortified Stimulate Yield Enhancer Plus is the only EPA-registered product with four essential plant growth hormones. Fortified Stimulate Yield Enhancer Plus helps plants maintain optimum hormone balance and sets the foundation for higher yields.

## Harvest More<sup>®</sup> Urea Mate

Harvest More Urea Mate is the most complete fertilizer on the market with 11 key nutrients for optimal growth throughout the season.

## Stoller Root Feed<sup>®</sup> Dry

Stoller Root Feed Dry provides nutritional support to help with continuous growth of plant roots, maintaining the optimum nutritional balance throughout the plant's growth cycle.

## X-Cyte<sup>™</sup>

X-Cyte is the market-leader in consistency and performance limiting yield loss due to cytokinin deficiency. X-Cyte provides cytokinin which is crucial for vegetative growth, reproductive development, and stress mitigation.

## Sett

Sett is a foliar or fertigation-applied nutrient solution that includes the essential nutrients calcium and boron. These provide nutritional support for better seed formation and improved fruit quality.

## Nitrate Balancer

Nitrate Balancer increases winter survival and helps ensure vigorous early growth for increased yield and ROI in the next season.

 Strawberry

Application	Stoller Product	Rate	Purpose
Transplanting or Dormancy Break	Fortified Stimulate® Yield Enhancer Plus	4 oz/a via drip	Strengthen roots to increase vigor and plant productivity
	Harvest More® Urea Mate	2.5lb./a via drip	
	Stoller Root Feed® Dry	2.5lb./a via drip	
10-14 Days Pre-Bloom	Fortified Stimulate® Yield Enhancer Plus	4 oz/a foliar or fertigation	Strengthen flower development, increase flower blooms per plant, and increase potential fruit load
	Harvest More® Urea Mate	2.5 lb./a foliar or fertigation	
	Stoller Root Feed® Dry	2.5 lb./a foliar or fertigation	
First Bloom Through Final Harvest Applied Every 7 Days	X-Cyte™	8 oz/a foliar or fertigation	Strengthen flowering, increase fruit set, improve fruit quality, extend fruiting period of crop
	SETT	64 oz/a foliar or fertigation	
	Harvest More® Urea Mate Stoller Root Feed® Dry	5-10 lb./a via fertigation or 2.5 lb./a foliar	
Post Harvest for Perennial Crops	Nitrate Balancer	64 oz/a foliar	Help move the sugars of the plant into storage tissues to strengthen next years crop and winter survival
