SET THE FOUNDATION FOR HIGHER YIELDS

Stoller® Grow is a patented, synergistic combination of proven Bio-Forge® technology with essential nutrients. It supports vigor during both normal growing conditions and under environmental stress conditions. Stoller Grow is also tank-mix compatible with most fungicides and herbicides.

PRODUCT BENEFITS

- Compatible with most herbicides and fungicides
- Provides essential early-season nutrition
- Higher tolerance to environmental stress like drought/flood, heat/cold, chemicals, pollution and other abiotic stresses
- Greater yield potential

ACTIVE INGREDIENTS

Total Nitrogen (N) 4.0%

2.5% Urea Nitrogen

1.5% Other Water Soluble Nitrogen

Soluble Potash (K₂O) 3.0%

Copper (Cu) 0.4%

0.4% Chelated Copper

Magnesium (Mg) 0.5%

0.5% Chelated Magnesium

Manganese (Mn) 0.4%

0.4% Chelated Manganese

Zinc (Zn) 1.6%

1.6% Chelated Zinc

RECOMMENDED FIELD APPLICATIONS

Stoller Grow's easy-to-use formulation is designed for tank-mixing with post-emergent herbicide applications and is compatible with most pesticides. Can be applied to row crops, vegetable crops, fruit and nut crops, and field-grown nursery stock. See the label for more information about specific crops, rates and timing.
