

(Carvest More) Harvest More

5-10-27 DS

Water-Soluble Formulation for Foliar Application and Drip Irrigation

Water-Soluble Fertilizer

ADVANTAGES OF USE:

- 11 Key Nutrients for Optimal Plant Growth
- Low pH Formulation
- Formulated for Maximum Compatibility & Application Versatility

Manufactured for Stoller Enterprises, Inc.

KEEP OUT OF REACH OF CHILDREN; MAY BE HARMFUL IF SWALLOWED, INHALED OR IN CONTACT WITH SKIN; MAY CAUSE EYE IRRITATION. MAY CAUSE DAMAGE THROUGH PROLONGED EXPOSURE.

PRECAUTIONS:

Do not breathe dust/fume/gas/mist/vapors/spray. Wash hands thoroughly after handling. Do not eat, drink or smoke when using this product. Use only outdoors or in well-ventilated area. Avoid release to environment. Wear protective gloves/protective clothing/eye protection/face protection. Keep container tightly closed. Keep cool and protected from sunlight.

If medical advice is needed, have product container or label at hand. For more details regarding the safe use/handling, storage and disposal of this product as well as additional hazards and first aid measures, please obtain the current Safety Data Sheet at www.stollerusa.com.

STORAGE AND DISPOSAL

Store bags tightly closed in a cool/well-ventilated dry place protected from sunlight and humidity. Store locked up. Do not contaminate water, food or feed by storage or disposal. Do not apply directly to areas where surface water is present, or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment wash water.

WARNING: This product contains boron at a level that may be detrimental to growing plants. Use of boron on crops other than those recommended may result in serious injury to those crops.

WARNING: The application of fertilizing materials containing molybdenum may result in forage crops containing levels of molybdenum which are toxic to ruminant animals. Information regarding the contents and levels of metals in this product is available on the internet at:

http://www.aapfco.org/metals.html

GENERAL INFORMATION

HARVEST MORE 5-10-27 DS is a complete fertilizer with both macro and micronutrients in a readily available water-soluble acidic formulation. Harvest More 5-10-27 DS is non-phytotoxic when used as directed.

DIRECTIONS FOR USE

It may be a violation of law to use this product inconsistent with its labeling.

HARVEST MORE 5-10-27 DS can be applied foliar, and/or via drip, flood, overhead, pivot or micro irrigation systems; may also be applied in transplant water or drench, or as a side-dress. Apply the recommended amount in a volume of water sufficient to provide uniform coverage.

FOR FOLIAR APPLICATION: For all foliar applications, apply Harvest More 5-10-27 DS at a concentration of 1 pound per 10 gallons of spray solution. Use caution if higher concentrations of Harvest More 5-10-27 DS are utilized as it can significantly lower pH. Best if applied when avoiding high daytime temperatures.

Field Crops: Apply 1 to 5 lbs. per acre, every 7 to 14 days throughout the growing season.

Vegetables, Fruit, and Nut Crops: apply 1 to 7.5 lbs. per acre, every 7 to 14 days throughout the growing season.

FOR FERTIGATION: apply 2.5 to 20 lbs. per acre, every 7 to 14 days, depending on plant stage and vigor. Begin with lower rates after transplanting, or when seeded crops have emerged, and continue application as needed. Conditional higher usage rates have been established for certain crops, find these listed below*.

HARVEST MORE 5-10-27 DS applied at the above recommended rates on the crops listed below:

FIELD CROPS: Alfalfa, all bean crops, canola, clover, corn, cotton, flax, forage grasses, pea, peanut, potato, rape (canola), rice, sorghum, soybean, sugar beet, sugarcane, sunflower, tobacco, and wheat, barley, oat, or other cereal grain.

VEGETABLE CROPS: Artichoke, asparagus, broccoli, cauliflower, cabbage, kale, and other cruciferous vegetables; leaf lettuce, head lettuce, dandelion, radicchio, arugula, and other leafy vegetables; cucumber, melon, pumpkin, squash, and other cucurbits, pea, onion, garlic, and other bulb vegetables; tomato, pepper, eggplant and other solanaceous vegetables; strawberry; carrot, sweet potato, radish, beet and other root and tuber vegetables.

FRUIT AND NUT CROPS: Apple, avocado, blueberry and other bush berries; blackberry, raspberry and other cane berries; sweet orange, lemon, mandarin and other citrus; date palm, fig, grapes, hops, oil palm, olive, persimmon, cherry, peach, peanut, plums, prune, nectarine, apricot and other stone fruit; almond, pecan, pistachio, walnut and other tree nuts; pear, pomegranate, and subtropical fruit.

*STRAWBERRY, CANE BERRY, AND BUSH BERRY – For drip or other fertigation methods, apply 2.5 to 30 lbs. per acre every 7 to 14 days, as needed for nutritional support of the fruiting cycle.

TURF AND NURSERY CROPS -- All types of turf including but not limited to, Kentucky blue, Merion blue, bent, Bermuda, and Zoysia grasses. All species of ornamental trees, shrubs, and flower crops.

Do not apply near water, storm drains, or drainage ditches. Do not apply if heavy rain is expected. Apply this product only to your lawn/garden, and sweep any product that lands on the driveway, sidewalk, or street back onto your lawn/garden. This lawn fertilizer, which contains phosphorus, is intended only for nonagricultural use on (i) turf during its first growing season, (ii) turf areas being repaired or renovated, and (iii) turf where a soil test performed within the last 3 years indicates a phosphorus deficiency. This fertilizer is not intended for the routine maintenance of turf.

MIXING INSTRUCTION: Follow this mixing order 1. Water 2. Harvest More 5-10-27 DS 3. Pesticide. Harvest More 5-10-27 DS will disperse in water with little agitation. Harvest More 5-10-27 DS is compatible with many fertilizers and pesticides. Always conduct a jar test when using new or untried combinations.
